I. Description of the course. SPAN 202 is the fourth course in AC's Spanish language program. This course focuses on communicative skills. Class time will be devoted primarily to discussions of readings, oral practice, listening comprehension practice, and vocabulary acquisition. Students are expected to review grammar rules and forms outside of class. Most of the grammar encountered in this class will not be new to you. This is because the purpose of the course is not to learn new rules and forms, but rather to learn to apply the rules in communicative situations.

There are **seven** communicative goals for this course:

- describing and comparing in detail
- narrating in the present
- narrating in the past
- narrating in the future
- giving advice, expressing opinions and reacting to dramatic events and situations
- talking about likes and dislikes and explaining why
- hypothesizing about both personal and impersonal topics

In both oral and written work, you will learn to support your opinions clearly and convincingly. **The course will be taught entirely in Spanish.**

II. Attendance. Regular attendance is especially important in language classes. Students may make up any exam, quiz, or other assignment **only** if the absence occurs as a result of participation in an official Austin College athletic or other event, a serious illness, or some other unavoidable circumstance beyond the student's control.

III. Grading.

<u>Major exams</u> (2)	30%
<u>Final exam</u>	20%
<u>Compositions</u> (2)	8%
<u>Attendance/participation</u>	6%

N.B. Late homework will not be accepted unless it is due to circumstances beyond the student's control. If you must turn in an assignment late, please let me know in advance.
